

Mandatory Orientation

Welcome to the school family! We are excited to invite you to our mandatory New Student Orientation Night, an event designed to prepare both students and parents for the upcoming year. Please note that both the student and a parent/guardian must attend one of our scheduled sessions. During this time, we will review school policies, student expectations, explore the campus, and introduce you to our leadership team. If you are unable to attend one of these dates, please call the school office to schedule a one-on-one meeting with the school administration. We look forward to seeing you there and starting this journey together!
